### Flame with Simmer Control

The double ring burner features a powerful flame with simmer control for greater cooking versatility and is suitable for any type of cooking from Asian to Western.

### Sealed Burner

Messy spillages are minimised and cleaning the hob is quick and easy.

### Delicate Simmer Flame

Flame can be adjusted low enough to simmer soups and stews.

### Safety Device & Battery Ignition

Fast and easy, with no electrical wiring. When the flame is accidentally extinguished, the thermostat reacts and shuts off the gas supply to the burner. Easy to replace battery too.

### Lever

Allows you to adjust the gas and air intake to achieve right mix of blue flame.
